PROJECTS

Online Restaurant Table Reservation System (DineEazy), 31 Days

DineEazy provides diner a platform that allows to make online table reservations at restaurants. Diner can check

out the menu of their choice from a restaurant and can place a pre-order. The customer can book table of particular restaurant. The customer is given with the facility to view the booking details. The website accepts the nominal amount for the booking. We can also add the restaurant on DineEasy. The Restaurant can also add, update and delete the listed food items.
